

COLORado Solo Edge – Accessory 3D Printing Files Disclaimer

The 3D printing files (“Files”) provided by Chauvet & Sons, LLC (“Chauvet”) are made available free of charge for convenience and informational purposes only. The Files are provided “AS IS” and “AS AVAILABLE,” without any warranties or representations of any kind, whether express, implied or statutory, to the fullest extent permitted by applicable law, including but not limited to warranties of merchantability, fitness for a particular purpose, accuracy, non-infringement, durability or performance.

No Testing, Certification, or Approval

Parts produced from these Files are not tested, certified or approved by Chauvet for any specific use or application. Chauvet makes no representation that any printed part will meet engineering, safety, regulatory or performance requirements.

No Customization or Modification by Chauvet

The Files are provided as standard, non-customized designs. Chauvet will not modify, adapt, or tailor the Files to meet specific customer requirements, applications, or use cases. Any modifications, alterations, scaling, or adaptations to the Files, whether performed before or after printing, are made solely at the customer’s discretion and risk, and the customer assumes full responsibility for the resulting design, printed parts and end use.

Safety-Critical and Load-Bearing Applications

The Files are not designed, intended or recommended for use in safety-critical, load-bearing, life-supporting or regulated applications, or in any application where failure could result in personal injury, property damage or loss of life. This includes, without limitation, structural components, protective or safety equipment, electrical, marine or high-temperature applications.

Any use of the Files or printed parts in such applications is undertaken entirely at the user’s own risk.

Limitation of Liability

To the maximum extent permitted by applicable law, Chauvet shall not be liable for any direct, indirect, incidental, consequential, special, exemplary or punitive damages arising out of or relating to the use, manufacture, modification or distribution of the Files or any parts produced from them. This includes, without limitation, damages resulting from print failures, dimensional inaccuracies, material selection, equipment damage, file modifications or end-use performance.

User Responsibility

The user is solely responsible for:

- Selecting appropriate printing contractor(s), 3D printers, print settings, post-processing methods and materials
- Ensuring materials are safe and suitable for the intended application
- Independently testing, validating, and verifying printed parts for strength, fit, function and safety
- Determining whether a printed part is appropriate for any intended or foreseeable use
- Making and validating any modifications to the Files
- Complying with all applicable laws, regulations, codes and standards

By accessing, downloading, or using the Files, the user acknowledges and agrees that Chauvet assumes no responsibility for how the Files are produced, modified, tested, or used and that all risks and liabilities associated with such use rest solely with the user.
